GENERAL NOTES:

GENERAL

Contractor questions on this project are to be addressed to the following individual(s):

District Maintenance Oswaldo.Lopez@txdot.gov

Contractor questions will be accepted through email, phone, and in person by the above individuals.

All contractor questions will be reviewed by the Engineer. Once a response is developed, it will be posted to TxDOT's Public FTP at the following Address:

<https://ftp.dot.state.tx.us/pub/txdot-info/Pre-Letting Responses/>

All questions submitted that generate a response will be posted through this site. The site is organized by District, Project Type (Construction or Maintenance), Letting Date, CCSJ/Project Name.

Written notice will be given to begin work on this project.

Work must begin within seven (7) calendar days after such notification. Time charges will begin when work begins regardless if it falls within seven (7) calendar days of the notification to begin work.

The contractor will have **“one hundred twenty” (120)** calendar days to complete all work under this contract.

Work under this contract shall consist of **“Hydraulic Cement, Hydraulic Cement Concrete and Flowable Backfill”** at various locations in **“Bastrop, Blanco, Burnet, Caldwell, Gillespie, Hays, Lee, Llano, Mason, Travis, and Williamson Counties”**.

References to manufacturer's trade name or catalog numbers are for the purpose of identification only. Similar materials from other manufacturers are permitted if they are of equal quality, comply with the specifications for this project, and are approved.

If work is performed at Contractor's option, when inclement weather is impending, and the work is damaged by subsequent precipitation, the Contractor is responsible for all costs associated with replacing the work, if required.

The roadbed will be free of organic material prior to placing any section of the pavement structure.

Equip all construction equipment used in roadway work with highly visible omnidirectional flashing warning lights.

Project Number: MMC 637805001

County: Travis, Etc.

Highway: IH 35, Etc.

Sheet: 3

Control: 637805001

Each contract is considered separate and individual from others. Requirements to complete work on any or all contracts may occur at the same time. If requests are issued at the same time, it is expected that the work will be completed in the time frame allowed.

Material orders and delivery are expected to be fulfilled no later than 14 calendar days after request for material is made. Delivery of materials will be coordinated by the responsible Maintenance Supervisor:

<u>Maintenance Office</u>	<u>Supervisor</u>	<u>Phone</u>	<u>Email</u>
Bastrop	Robert Wilson	512-359-6914	Robert.Wilson@txdot.gov
Blanco	Scott D. Scott	830-868-7166	Scott.Scott@txdot.gov

ITEM 2 – INSTRUCTIONS TO BIDDERS

A work order will be issued to the contractor for specific items and quantities to be delivered as well as days to complete the work order.

This Contract includes non-site specific work. Multiple work orders will be used to procure work of the type identified in the Contract at locations that have not yet been determined.

ITEM 6 - CONTROL OF MATERIALS

The Contractor is responsible for furnishing all materials included in this contract. Materials provided by Contractor will be new unless otherwise shown on the plans or approved. The Contractor must receive approval from the Engineer prior to ordering materials for this contract.

The Contractor is required to have sufficient supply of material to complete repair work within the allotted time.

Give a minimum of 1 business day notice for materials, which require inspection at the Plant.

ITEM 7 – LEGAL RELATIONS AND RESPONSIBILITIES

No significant traffic generator events identified.

Project Number: MMC 637805001
County: Travis, Etc.
Highway: IH 35, Etc.

Sheet:
Control: 637805001

Project Number: MMC 637805001
County: Travis, Etc.
Highway: IH 35, Etc.

Sheet: 3A
Control: 637805001

ITEM 8 – PROSECUTION AND PROGRESS

In accordance with Article 8.6 "Failure to Complete Work on Time," liquidated damages shall be charged each day for failure to meet each work order. This will include:

1. Failure to deliver at the starting date or continually progress on the work order.
2. Failure to deliver the required materials per day.
3. Failure to complete work order within 3 weeks (21 calendar days) from the issue date on work order.

The amount assessed per day for liquidated damages shall be 1 % of the estimated cost of the work order, not to be less than \$200 per day and not to exceed \$500 per day.

ITEM 9 – MEASUREMENT AND PAYMENT

In accordance with Article 9.2 "Plans Quantity Measurement," plans quantity measurement requirements are not applicable for this contract. Quantities shown in the plans are for bidding purposes only. TxDOT does not guarantee that all quantities shown in plans will be requested for delivery.

Contractor is responsible for obtaining annual overweight tolerance permit if hauling material which exceeds the legal road weight.

ITEM 8012 – HYDRAULIC CEMENT (MATERIALS ONLY)

Minimum delivery will be one truckload.

Coordinate with the designated TxDOT point of contact at least 24 hours prior to delivery.

Supply Ty 1 cement for this Item.

Deliver to site in a cement distributor spreader truck capable of evenly spreading material along roadway. No dump trucks or belly dumps.

ITEM 8014 – HYDRAULIC CEMENT CONCRETE (MATERIALS ONLY)

Minimum delivery will be one truckload.

Coordinate with the designated TxDOT point of contact at least 24 hours prior to delivery.

Provide a copy of approved concrete mix designs on record at the Austin District Lab prior to the delivery.

Supply TxDOT with test specimen cylinders.

ITEM 8015 – FLOWABLE BACKFILL (MATERIALS ONLY)

Minimum delivery will be one truckload.

Deliveries will be made with mixer with shoot discharge. Coordinate with the designated TxDOT point of contact at least 24 hours prior to delivery.

Provide a copy of approved concrete mix designs on record at the Austin District Lab prior to the delivery.
