GENERAL NOTES:

General:

This project consists of supplying hot-mix cold-laid asphalt concrete pavement (HMCL) at various locations in the Atlanta District. This project covers the following counties: Morris, Panola, and Titus. The sites for delivery will be as identified in these plans.

Contractor questions on this project are to be emailed to the following individuals:

Jason Dupree, P.E. – Director of Maintenance

Jason.Dupree@txdot.gov

Charlotte Aslin – Contract Specialist

Charlotte.Aslin@txdot.gov

Contractor questions will only be accepted through email to the above individuals.

All contractor questions will be reviewed by the Engineer. Once a response is developed, it will be posted to TxDOT's Public FTP at the following Address:

<https://ftp.dot.state.tx.us/pub/txdot-info/Pre-Letting Responses/>

All questions submitted that generate a response will be posted through this site. The site is organized by District, Project Type (Construction or Maintenance), Letting Date, CCSJ/Project Name.

Questions regarding the plans and/or the project after the contract has been awarded should be referred to the Managing Engineer:

Each contract awarded by the Department stands on its own and as such, is separate from other contracts. A Contractor awarded multiple contracts must be capable and sufficiently staffed to concurrently process any or all contracts.

Prior to beginning operations, the Department will arrange a preconstruction conference between representatives of the Department and the Contractor. In this meeting, the representatives from all parties will discuss the contract, proposed procedures and the plans for performing the work while providing for safe passage of traffic at all times. Specifications, unusual conditions, and other pertinent items regarding the work will also be discussed.

County: Titus, etc.

Control: 6396-62-001

Highway: US 0271, etc.

Limit the use of the roadway for the hauling of material to legal loads. Keep the traveled surfaces used in hauling operations free of dirt or other materials.

This contract is for callout work. Callouts will be issued by Work Order containing delivery sites and quantities along with number of working days allowed for the Work Order. Multiple Work Orders should be expected, and the contractor must be capable and sufficiently staffed to concurrently process any or all contracts. The minimum quantity per Work Order is 100 tons.

Department-approved safety hats and safety vests will be worn by all workers and visitors when:

Workers are outside of vehicles at all outdoor worksites. This includes those who occasionally visit worksites either on the highway surface or right-of-way.

Working in areas where there is a danger of head injury from impact, from falling or flying objects, or from electrical shock or burns.

Non-compliance with this requirement will be grounds for suspension of work.

All work on this contract will be scheduled and directed by the Maintenance Section Supervisors as listed in the table below.
