CONTRACT PROSECUTION: Each contract awarded by the Department stands on its own and, as such, is separate from other contracts. A Contractor awarded multiple contracts must be capable and sufficiently staffed to concurrently process any or all contracts at the same time.

Prior to beginning operations, the Department will arrange a preconstruction conference between representatives of the Department and the Contractor. In this meeting, the representatives from all parties will discuss the contract, proposed procedures, and the plans for performing the work while providing for safe passage of traffic at all times. Specifications, unusual conditions, and other pertinent items regarding the work will also be discussed.

ITEM 2: INSTRUCTIONS TO BIDDERS

View plans on-line or download from the web at:

<https://www.txdot.gov/business/letting-bids/plans-online.html>

Order plans from any of the plan reproduction companies shown on the web at:

http://www.dot.state.tx.us/business/contractors_consultants/repro_companies.htm

Bid items on this contract are listed to establish a unit price for each item. Certain items listed in the proposal may not be used if it is determined by the Engineer that the work will not be required. Actual work performed as directed will be paid utilizing these prices with no further compensation made regardless of the final quantities.

ITEM 4: SCOPE OF WORK

The contract may be extended twice if in the judgment of the Engineer, the contractor has satisfactorily fulfilled the terms and conditions of the contract. The extension must be agreed upon in writing by both parties to the contract and may be extended for an additional period of time not to exceed the original contract time period. The extended contract may be for additional quantities up to the original bid quantities plus any quantities added by an approved change order. The extensions shall meet the terms and conditions of the original contract or any mutually agreed modifications to the said terms and conditions by one or more cumulative change orders. The Engineer will set a deadline for completing the agreements. This deadline will be based in the time needed to re-let and award a new contract if no extension is agreed upon.

ITEM 8: PROSECUTION AND PROGRESS

Contract Time - The number of calendar days for this project shall be 120 days or until contract funds are expended.

Time charges will be in accordance with Article 8.3.1.5 "Calendar Day".

Project Number: MMC 6412-47-001

Control: 6412-47-001

County: Sabine

Highway: FM 83

Per Special Provision 000-658, Schedule of Liquidated Damages, charges could occur if requested materials are not ready with a 24 hours' notice. Notify the county maintenance supervisor listed above for the appropriate county when encountering any unforeseen delays.

ITEM 500: MOBILIZATION

Mobilization does not apply to this materials contract.

ITEM 8019: ASPHALTIC CONCRETE PATCHING MATERIAL (MATERIALS ONLY)

SCM I Grade I or ASPPM Grade IV ONLY (No other materials listed under Item 8019 will be accepted for this contract).

Deliver Asphaltic Concrete Patching Material (Stockpile Storage or Bagged) (Materials Only) "Special Cutback Material I (SCM I)" SAC-B or better, meeting article 8019.5.1.2 or "All Season Pre-Coated Patching Mix (ASPPM)" SAC-B or better, meeting article 8019.5.1.7 to the specified maintenance yard to be used on roadways within the Lufkin District unless otherwise directed by the specified County Maintenance Supervisor.

Delivery cost for each bulk delivery will be calculated and included in the per ton cost.

This contract is for small quantities only. A work order will be issued to the contractor with a minimum of five business days notice and the contractor shall be able to provide agreed upon amounts as needed.

Contact the ordering County Maintenance Supervisor at least 1 hour prior to delivery.

The Contractor's driver shall report to the ordering County Maintenance Supervisor or their representative at the time of arrival at the final delivery location and obtain a signature documenting the date and time of delivery and departure.
