SECTION 10.3 – Award and Execution of Contract:

If several Contracts are awarded to the same Contractor, the Contractor shall be sufficiently equipped to concurrently supply each Contract material. Each Contract awarded by the Department stands on its own and as such, is separate from other Contracts.

Material requests shall be issued by Work Order to the Contractor a minimum of 7 calendar days in advance unless expedited items therefore allowing a minimum of 48 hours. Each Work Order shall specify quantities to be delivered, location of delivery, and days to complete Work Order.

Section 10.4 – Scope of Work:

Prior to beginning operations, the Department will arrange a coordination call or virtual meetings between designated representatives of the Department and the Contractor. In this meeting, the representatives from all parties will discuss the Contract, proposed procedures, and plans for performing the work while providing safe passage for traffic at all times. Specifications, unusual conditions, and other pertinent items regarding the work will also be discussed. Limit the use of the roadway for the hauling of material to legal loads. Keep the traveled surfaces used in hauling operations free of dirt or other materials.

In accordance with Section 10.4.3, TXDOT does not guarantee a specific volume to be purchased. No minimum compensation to the Contractor is guaranteed. Quantities indicated for each Item in the Contract are estimates only and are based on the previous usage. These estimates should not be construed as a minimum or maximum quantity to be ordered. The acceptance of this Contract also does not guarantee that any materials may be requested or ordered.

Project Number: MMC-646399001

Control: 6463-99-001

County: Jefferson, etc.

Highway: US69, etc.

If a delivery location changes by more than five miles, either party can request an adjustment to the Contract for changes in freight trucking cost.

In accordance with Section 10.4.3.1, this Contract may be extended once not to exceed 365 calendar days and can't exceed the original Contract time if mutually agreed.

Section 10.8 - Prosecution and Progress:

There are 365 calendar days on this Contract. Calendar days will be charged in accordance with Section 10.8.2, "Contract Term".

Each work order will specify a delivery site by the bid Item in the Contract and quantity to be supplied.

All material delivery tickets must include the Work Order number and be signed, dated, and list the arrival/departure times by the Department representative upon arrival at final delivery location. Measurement of this Item will be measured by the ton as defined in the plans and specifications.

In the event of a delay in delivery of materials notify the Maintenance Supervisor for the work order immediately by phone and provide documentation, in writing, to the office of record upon completion of delivery.

Failure to complete a work order will incur damages in accordance with Section 10.8.6. Actual damages incurred will be deducted from the work order payment and calculations will be provided upon request.

SECTION 10.9 – MEASUREMENT AND PAYMENT:

Contractor is responsible for obtaining annual overweight tolerance permit if hauling material which exceeds the legal road weight.

Trucks may be held up for 2-hours at the jobsite at no additional expense to the Department. Written documentation of arrival will be used when calculation demurrage charges and included on an invoice submitted to the managing office. The Department will specify the arrival time and delivery frequency on the work order provided to the Contractor. If the Contractor arrives prior to the specified delivery time, the 2-hour hold will not begin until the arrival time specified on the work order.

Contractor will provide demurrage rate per truck, per 15-min increment, and the Coordination call prior to beginning work on the Contract.

Project Number: MMC-646399001

Control: 6463-99-001

County: Jefferson, etc.

Highway: US69, etc.

Demurrage charges will be invoiced in 15-min increments, rounded down to the nearest whole increment. Contractor will be required to provide documentation for the demurrage per truck.

ITEM 8020 – Riprap (Materials Only)

Special Specification 8020 Riprap (Materials Only) Furnish stone riprap materials that meet the requirements of the specification.

Riprap (Site Delivery). The work performed and materials furnished in accordance with this Item and measured as provided under “Measurement” will be paid for at the unit price bid for “Riprap” of the type and size specified. This price is full compensation for furnishing and hauling riprap, equipment, labor, tools, and incidentals. If bid codes in the estimate indicate location numbers, each location will be shown in the plans.

There are four site locations for the delivery of the material on this Contract. The site locations and contact information are listed at the beginning of these general notes.

For Hauling Operations:

Deliveries will be made between the hours of 7:00 AM and 4:00 PM CST Monday through Thursday unless prior arrangements have been made with the Beaumont, Port Arthur, Kountze, or Woodville Maintenance Section.
